CHAIRPERSON'S ANNUAL REPORT – 2004

It has been a successful year for The Community Trust of Otago and the Trustees are pleased to present the Annual Report on the activities of the Trust for the year ended 31st March 2004.

The Origin of the Trust

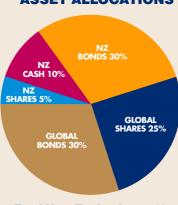

People often ask where the funds of the Community Trust of Otago originated. That being the case it is pertinent to briefly record the historical background. The Trust was established in 1988 to own, on behalf of the people of Otago, the shares in the regional savings bank, Trust Bank Otago Limited. These shares were subsequently exchanged for shares in Trust Bank New Zealand Limited when the regional savings banks amalgamated. During the mid 1990's The Community Trust of Otago sold its shares in the Bank following a takeover offer from Westpac Bank. The share sale yielded \$131 million. Since the formation of the Trust in 1988 \$70 million has been donated to worthy community projects throughout the province of Otago.

Financial Performance

Investment results over the previous two years were disappointing due to the volatility of world markets. That being the case it is especially pleasing to report an excellent result for the year under review. The Trust derived investment income of \$22 million for the year compared with a loss of \$5.9 million in the previous year.

In light of the severe downturn in global equities the Trustees considered the possibility of altering asset allocations. After careful consideration only very minor changes were made and the return for the year was achieved by maintaining a relatively conservative asset allocation. Income assets (i.e. cash and bonds) account for 70% of the investments of the Trust whilst 30% of the portfolio is held in growth assets (i.e. national and international equities). The graph below depicts the current asset allocations.

CURRENT ASSET ALLOCATIONS

Total New Zealand Total Global

The Trustees continue to carefully manage the Trust's reserves. The fundamental policy of the Trust is to protect the real value of the original capital for future generations of beneficiaries. The real value is represented by the \$131 million derived from the sale of the Trust Bank shares plus an inflation adjustment which as at the 31st March 2004 results in a real value of \$157 million. At the same date Trust funds totalled \$166 million. Last year the fund dipped marginally below the level of the real value as a result of the volatile financial performance and the continuance of a reasonable level of donations. The excellent returns in the vear under review have seen reserves recover well. While reserves are still below the ideal level the Trustees would like to see, it is pleasing to report that the situation is very much better than it was a year ago.

The Outlook

It is most unlikely that the current year's results will match the year under review. Political volatility, wars and general unrest make it impossible to predict the future of investment markets with any degree of certainty. The Trustees of the Community Trust of Otago are kept fully informed by the Trust's adviser and its fund managers and maintain a conservative investment policy.

Donations

During the year the Trust approved donations to 360 projects for a total amount of \$5.1 million.

Some of the major projects to receive Trust support during the year were:

Edgar Sports Centre extension \$1,200,000 **Dunedin Stadium Ice Rink** \$400,000 Sport Otago – Sports Force \$325,000 Otago Festival of the Arts \$225,000 **Presbyterian Support**

The Trust was able to accommodate the general demand for donations during the year without the need to make

\$150,000

significant reductions on account of a reduced level of reserves. Given the improvement in the reserves position during the year the Trustees have increased the donations budget for 2004/05 to \$5.5 million.

Income Tax

Services

The Trust has always been liable for income tax on its undistributed surpluses, notwithstanding the fact that the vast majority of its beneficiaries hold tax exempt status. It is therefore pleasing to report that during the year the Government passed legislation granting tax exemption to community trusts with effect from the 1st April 2004. This legislation will simplify the operation of the Trust in future years and will result in significant cost savings.

Charities Bill

The Government has agreed to establish a Charities Commission in order to register and monitor charitable entities and approved donees in order to ensure that those who receive tax relief continue to carry out charitable activities and provide a clear public benefit. Our Trust has contributed to a joint submission by the combined Community Trusts of New Zealand. The submission generally supports the tenor of the Bill but suggests that there be a lower level of some of the reporting standards for very small organisations for whom compliance could pose a significant burden.

Trustee Appointments

During the year David Shepherd and myself were reappointed by the Minister of Finance for a further four year term

Gail Tipa resigned her position in May 2003 owing to pressure of other commitments. Gail was an excellent contributor to the activities of the Trust and it was with considerable regret that we accepted her resignation. The trustees have decided, with the consent of the Minister, to carry her vacancy through to the 31st May 2005 which is the date that she would have retired. Until then there will remain eleven Trustees rather than a full complement of twelve.

Trustees

We are fortunate indeed to have the services of a dedicated group of Trustees who give generously of their time and talents to ensure the successful operation of the Trust and the maintenance of its assets. It is an honour to hold the office of Chairperson and on behalf of the people of Otago I wish to express my sincere gratitude and congratulations to my fellow Trustees for the part each one has played in achieving a successful outcome for the year under review. I am especially grateful to Hilary Allison, the deputy Chairperson, for her generous assistance and to Alan McLay and Russell Hendry, who chair the two sub-committees of the Trust.

Staff

The Trustees are deeply appreciative of the efforts of the staff and gratefully acknowledge their dedication and service. Excellent leadership is provided by Chief Executive Keith Ellwood. As Donations Manager Carol Melville has a comprehensive understanding and appreciation of the many community activities within the Otago region. She is now assisted more directly in that role by Lynley Stevenson, who along with Fay Jackson provide first class administrative support.

On behalf of my fellow Trustees I wish to express grateful thanks to Keith Ellwood and his team for the manner in which they have carried out their duties in the year past.

- the significant estimates and judgements made by the Trustees in the preparation of the financial statements, and
- whether the accounting policies are appropriate to the Trust's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with New Zealand Auditing Standards issued by the Institute of Chartered Accountants of New Zealand. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Interest Rate Risk

The Trust through its Fund Managers invests in securities that are subject to interest rate risk. The Trusts Fund Managers monitor this risk and change asset allocations and maturity profiles in accordance with their investment guidelines.

Credit Risk

The Trust in the normal course of business enters into arrangements with other parties. These arrangements give rise to credit risk for the Trust and hence policies and procedures are maintained so that the risk is minimised. No collateral is required in respect of financial assets.

For all classes of financial assets held by the Trust the maximum credit risk exposure to the Trust is the carrying value as disclosed in the financial statements at balance date.

Due to the diversification of the investment portfolio and the policies and procedures in place, there are no significant concentrations of credit risk.

HOW TO APPLY FOR A DONATION

Who may apply

Any not for profit organisation which carries out charitable, cultural or recreational activity or which provides a benefit to a significant sector of our community. Individuals and commercial businesses do not qualify

What to apply for

Eligible projects cover a wide range of activities including programmes, amenities and equipment, which provide benefits for Otago people. The Trust generally does not provide operational funding or contribute to debt reduction or travel costs.

When to apply

Anytime. There are no close-off dates. Just remember that only one donation will be approved to any organisation during the Trust's financial year which ends 31 March. It takes about two months before a decision is notified.
