

ANNUAL REPORT 2021 - 2022

Lighting Up Winter

Winter, lights and community came together in a luminous celebration in the Cromwell Mall last June, as the Cromwell and Districts Promotions Group coordinated the fifth annual Infinite Energy Light Up Winter event. Otago Community Trust was pleased to support this wonderful community celebration via a \$6,000 grant.

Chair & CE Report 2022

Tēnā koutou, tēna koutou, tēna koutou katoa

Welcome to Otago Community Trust's Annual Report for the 2022 financial year. As we reflect on the past year, we acknowledge the significant challenges, constant change, and the increasing need for our communities to be adaptable. We applaud our community groups for their ongoing flexibility and unwavering commitment.

As a community owned charitable trust, we are reminded of the important role we must continue to play in supporting all our communities to be vibrant and resilient, and protective of people, heritage, and environment. We are pleased to have renewed our overarching strategic plan for the next five years and are looking forward to funding more strategically within the region.

Granting

Over the past year we have continued to work with our communities to support significant capital projects, social service and welfare programmes, and community response activities. Trustees approved over \$10.3m in grants for the year ending 31 March 2022, supporting 386 community-groups around Otago.

The Trust was pleased to continue its support of immediate community needs through its COVID-19 response fund, which distributed funding quickly to groups working with our most vulnerable, including food banks and social service agencies.

As a Trust in perpetuity, we are forever mindful to be wise and prudent in our philanthropic decisions maintaining equity between different generations of beneficiaries, with this in mind trustees were pleased to approve over \$4.6m to a wide range of capital projects across Otago all of which will drive significant benefits for generations to come.

In particular, the Trust was pleased to have approved a \$2.2m capital grant to the new Clutha Community Hub / Te Pou ō Mata-Au which we foresee will become a significant community asset for South Otago.

In March the Trust launched its new Tamariki and Rangatahi Strategy, which will underpin our granting to the region's children and young people. The Trust has also committed to invest \$10m over the next five years into

organisations and initiatives that seek to support the region's tamariki and rangatahi.

Investment

From an investment perspective it was a challenging year for the Trust's portfolio. Recession fears and central-bank tightening have largely driven market volatility and thus the annual return for the year ending 31 March 2022 was 0.3%. Trust funds were valued at \$309m at 31st March 2022.

While an environment of uncertain investment returns may continue, we firmly believe that our sound reserving position and strong investment governance structures allow the Trust to have confidence in the long-term performance of the fund. This also has allowed us to set a strong grants budget of \$10m for the year ahead ensuring we continue to support our communities in these challenging times.

As a Trust, we are committed to enabling a low-emissions future and in starting this journey in December 2021 we moved half of our global equities investments into a sustainable shares fund, a fund which has a decarbonisation strategy and improved Environmental, Social, and Governance (ESG) investment profile.

In December 2021, the Trust also became a signatory to the newly created Climate Action Aotearoa - the Funders Commitment on Climate Action, in recognition of the important

role community funders play in building better outcomes for our environment and communities.

Governance

Over the year the Trust had a change in its governance board with the departure of trustees Gina Huakau and Pip Laufiso, who had both completed two four-year terms. Gina and Pip formed a special part of our community trust whānau over their eight-year term, they served on numerous sub-committees and the hard work and genuine passion each showed for the communities of Otago was truly appreciated.

We subsequently welcomed Andy Kilsby and Alofa Lale as the new incoming ministerial appointed trustees in August 2021.

As we look ahead, we remain positive about the potential we have in Otago. We are indebted to the region's volunteers, community organisations and individuals who are passionate, innovative and purpose driven to make a difference for the benefit of our community. We thank you for all that you do and look forward to developing stronger meaningful relationships to better guide our giving into the future.

Governance

Our Trustees

Otago Community Trust is governed by 11 Trustees who are appointed by the Minister of Finance for a four year term. The Trustees collectively hold a range of invaluable skills, experience and knowledge that guide the activities of the Trust.

Trustees meet monthly to consider grant requests, strategy and governance matters.

Our Vision

Otago communities are vibrant and resilient, and protective of people, heritage and environment.

Our Values

- We are accessible, transparent and driven to make a difference;
- We are resilient, courageous and act with integrity, respect and prudence, valuing strong relationships;
- We are committed to the principles of Te Tiriti o Waitangi;
- We show leadership, wisdom and empathy.

Our Drivers

To achieve our vision, we will:

Funding

Empower communities to realise their potential and goals.

Asset Management

Balance the interests of current and future generations by preserving capital and maximising granting.

Organisational Effectiveness

Ensure we have effective processes and resources to achieve our purpose.

Improving our Environmental, Social, and Governance Profile

\$63m

Otago Community Trust is committed to improving its Environmental, Social, and Governance (ESG) investment profile. Through the Russell Investments Sustainable Global Shares Fund, the Trust has \$63m invested in a strategy which reduces exposure to carbon and to fossil fuel reserves and increases exposure to companies with a high responsible investment rating and to those participating in the transition to renewable energy.

Investment Highlights

Our origins lie in the Dunedin Savings Bank, established in 1864 by public-spirited citizens of Otago, who ensured a proportion of the Bank's profits returned to the community. In 1988 the Government gave ownership of the Savings Bank to the Community Trust.

The Trust eventually sold its shares to Trust Bank New Zealand, which was then on sold to Westpac. Proceeds from the sale of Trust Bank New Zealand shares in the mid-1990s amounted to \$131 million. The investment of these proceeds funds our grants to this day. As at 31 March 2022 our investment portfolio was \$309 million.

Community Engagement

As a community-owned charitable trust that is responsible for distributing grants to a diverse array of projects and causes across Otago, we strongly believe in regularly engaging with our communities whether this be through face to face conversations, attending community events, hosting funding clinics in the region or arranging community visits to see projects first hand.

While the year to 31 March 2022 continued to be disrupted and challenging due to ongoing impacts of COVID-19 our team worked hard to engage, support and connect where possible, across the entire funding region.

Strategic Plan 2022 -2027

Otago Community Trust launched its new strategic plan during the year ending 31 March 2022. The refreshed plan sets out the direction for the Trust over the next five years. It has been developed to guide the Trust into the future. From 1 April 2022 our granting has become categorised under our four new funding pillars which represent our strategic focus areas. Our old Funding for Change strategic priorities of Warm Homes, Youth Health, Wellbeing and Employment and Regionally Significant Cycle Ways have been phased out and form part of our new funding pillars.

New Funding Pillars

Our four funding pillars, each with a related set of funding priorities, form the foundation of our granting.

Communities are strong, vibrant and resilient. They collaborate and share ideas and resources. They support volunteers and volunteering initiatives.

People have access to health and welfare services and are able to participate in recreation and leisure activities.

All are valued for the contribution that they make. The region has a thriving economy that directly contributes to inclusive growth.

All children and young people in Otago are valued, accepted and empowered to lead fulfilled lives. They are healthy, happy and their wellbeing is nurtured.

Priority Communities

As part of our strategic refresh the Trust has identified that some groups within the community are more likely to confront barriers to getting equitable funding. The Trust therefore will seek to prioritise its funding to the following priority communities with the aim to address the inequities they experience.

- Children and Young people;
- Māori;
- Pasifika;
- Former refugees;
- New migrants;
- Rainbow communities;
- Those experiencing mental health issues;
- People living with a disability, rurally or in isolation, and;
- Those facing hardship.

For further information on our new funding priorities visit: <https://www.oct.org.nz/about-us/our-strategic-plan>

New Tamariki and Rangatahi Strategy

In March 2022 Otago Community Trust launched its new Tamariki and Rangatahi Strategy and announced that it will invest up to \$10 million over the next five years into organisations and initiatives that seek to support the region's young people. This investment will be made through the introduction of three new funds aimed at lifting the capability of young people in the Otago region.

The intent of this strategy is to provide support to groups and activities which seek to raise resilience and increase capacity among tamariki and rangatahi, having particular regard to the adverse effects of disadvantage, discrimination and exclusion.

Liz Harburg, Community Engagement Advisor

New Tamariki and Rangatahi Funds

Impact for Tamariki and Rangatahi Fund

The Impact Fund will provide a small number of high investment grants with a focus on:

- Projects that have the potential to be game changing and deliver long term intergenerational change.
- Projects that put tamariki, rangatahi and whānau at the centre.
- Strong relationships and trust between the Trust and organisations.
- Building capability of the funded organisations.

Tamariki & Rangatahi Capability Fund

The Capability Development fund is designed to strengthen the tamariki and rangatahi (children and young people) sector to allow organisations to grow and succeed. Not-for-profit organisations can apply for up to \$10,000 for projects that develop organisational capability.

Rangatahi-Led Fund

The Rangatahi-Led Fund will be for youth, by youth and assessed by youth. Details of this fund are under development and will be available in April 2023.

Our Granting

Partnership / Multi-Year Grants

Otago Community Trust is open to advancing strong strategic relationships and seeks opportunities to support discretionary multi-year grants where certain conditions exist. For the year ending 31 March 2022 the Trust was pleased to approve three new multi-year grants. Previously multi-year funding has only been awarded to well-established social service providers.

Dunedin Symphony Orchestra

\$270,000 over three years

Cromwell Youth Trust

\$98,000 over three years

Mana Rangatahi

Organisation: **Transition to Work Trust**
Grant: **\$300,000**

Mana Rangatahi is a youth tribe and leadership waka for people from all ethnicities and backgrounds aged between 18-24 years of age. Developed by Heidi Renata, Co-founder, and CEO of INNOV8HQ, Mana Rangatahi is based on frameworks adapted from Mātauranga Māori*.

Developed in January 2020 and supported with seed funding from the Ministry of Youth via Start-up Dunedin.

The Mana Rangatahi programme has to date produced exceptional results with more than 75% of graduates progressing to full time, entrepreneurial or part time employment.

Otago Community Trust provided multiyear funding of \$300,000 to the Transition to Work Trust to support

a new partnership with INNOV8HQ in December 2021. The grant was instrumental in all allowing the Transition to Work team to support INNOV8HQ further expand and develop the programme over the next two years.

Dr John Guthrie from Transition to Work Trust explains that INNOV8HQ have a powerful programme that can be expanded to other regions, working together we believe that we can better respond to the increase in demand we are seeing due to the disruption caused by COVID-19.

Heidi Renata, INNOV8HQ CEO said connecting, resourcing and empowering young people is hugely rewarding, knowing we have funding to continue to do what we love with our Mana Rangatahi programme is just awesome.

The programme has now been launched on a mobile phone app to broaden its reach. The app is on both Apple and Android platforms.

“We would encourage those working with rangatahi around Otago to take time to download the app and navigate through the content,” Renata said.

*Mātauranga Māori literally translated means ‘Māori knowledge’. It’s a modern term that broadly includes traditions, values, concepts, philosophies, world views and understandings derived from uniquely Māori cultural points of view. In everyday situations, Mātauranga Māori is an umbrella term that draws on knowledge systems such as whakapapa (genealogy), tikanga Māori (Māori protocol), manaaki (hospitality and consideration), taonga tuku iho Māori (treasured arts and heritage).

Our Granting

Capital Projects

Otago Community Trust provides grants for large capital projects that are of benefit to Otago. These projects are often of regional significance, build greater community connection and have long term intergenerational benefit. For the year ending 31 March 2022, the Trust was pleased to have approved 20 capital project grants valued at over \$4.6m.

New Family Support Centre for South Dunedin

Organisation: **Catholic Social Services**
Grant: **\$200,000**

Catholic Social Services (CSS) is a social service agency which focuses on families. The agency seeks to establish the needs of the community and identify the skills, both professional and nonprofessional that can be mobilised to meet those needs.

Catholic Social Services director Mike Tonks said from parenting education that helps parents inspire their children, to counselling which brings couples together to sort out their problems, and to our social work teams that support families with real world solutions, our team are truly passionate about helping families.

"Our motivation is to help children, families and individuals to live life well and participate in our communities." Mike Tonks

Otago Community Trust provided a grant of \$200,000 for to support the construction of a new Family Support Centre adjacent to existing offices in Macandrew Road, South Dunedin.

Tonks said the Family Support Centre will make a huge difference in so many ways, it will help us expand our direct caring services to the community, it will help us deliver more targeted support to vulnerable families and their children.

"It will also ensure we have a child friendly space catering to those with disabilities and it will free up space in our current location to help deliver the full range of our services to the community including counselling services to those in our community with low to moderate mental health issues."

"Presently we provide couple counselling to 45 couples per year and around 160 individual adults as well as providing direct support to children. We also have a waitlist of nearly 50 people who need cheap affordable counselling."

"Combined with the St Patrick's community facility, this will ensure we continue to provide spaces for expanding our family focused services."

The \$1.4 million addition to Catholic Social Services' family support services footprint in South Dunedin hopes to open its doors next year.

Our Granting

Capital Projects

Marine Rescue Centre

Organisation: **Coastguard Wānaka Lakes Inc**
Grant: **\$200,000**

Coastguard Wānaka Lakes is a charity, run by volunteers, dedicated to saving lives on Lakes Wānaka and Hawea.

In 2016 the charity identified there was a need for a dedicated Marine Rescue Centre in Wānaka from which operations could be effectively managed, enabling faster deployment of critical search and rescue services for the growing communities of Wānaka and Hawea.

Jonathan Walmisley, Coastguard Wānaka Lakes President said since 2017 136 people have needed the assistance of Coastguard Wānaka Lakes and unfortunately our Coastguard volunteers had attended two fatalities.

"The number of boaties using Wānaka and Hawea has been increasing year on year, even with the borders closed over the 2020 - 21 summer season Coastguard Wānaka Lakes were called out to 31 incidents where 45 people were assisted."

"Of these, two were hypothermic and required medical treatment."

"Rescue operations are presently controlled from a volunteer's kitchen using a laptop and a handheld VHF radio. The new building will reduce call out times by at least 10 minutes and this will be enhanced by having all equipment in one place."

Jonathan Walmisley

"During operations the purpose-built incident room will enable the volunteers to manage incidents in a safe and professional manner."

Barbara Bridger, chief executive of Otago Community Trust said it is pleasing to see that after years of deliberation and public consultation Coastguard Wānaka Lakes now have a much-needed emergency service facility for the growing communities of Wānaka and Hawea.

Otago Community Trust provided a grant of \$200,000 to assist with the capital project.

The new Marine Rescue Centre will provide a much-needed base the volunteers, it will offer permanent storage for the rescue boat and its tow vehicle and all the search and rescue equipment. It will be an operations and training facility and crucially it will significantly enhance the safety of lake users and Coastguard volunteers.

Our Granting

Community Response Grants

Our Community Response Grants support grassroots initiatives in the community. Grants are awarded for a wide range of cultural, social, sporting, environmental and / or community projects around Otago.

Tama Tula'i (Raising Men)

Organisation: **Otago Boys High School**
Grant: **\$10,000**

Tama Tula'i is a Pasifika Wellness Programme Otago Boys' High School introduced in 2021 to assist and help Pasifika students build positive working relationships both in and around school.

Peter Eaton, Otago Boys' High Pasifika Dean, emphasises that the Tama Tula'i programme has been led by our Pasifika parent community.

"They see this as a key component for the delivery of a culturally safe and rich experience at OBHS."

Rosalie Feleti-Ivala said that one of the key drivers behind this programme for the Pasifika parents was to ensure OBHS had a culturally responsive programme for our boys.

"We wanted our boys to be secure and confident in their identities and the feedback we have had to date shows this programme is working and the support from the school and Board of Trustees has been great."

The Tama Tula'i health and wellbeing programme is open to all Pasifika students' Years 9-13. The programme starts at 7am, Tuesday and Friday in the school gym. It starts with a traditional lotu (prayer) and then it's 'game on'. The boys partake in a mixture of physical activity and fun games to get them switched on and ready for the day ahead.

Pelu Taele Pavihi, Programme Coordinator, explains a big focus for the students has been around learning more about their cultural identity and how to raise the profile of cultural awareness at Otago Boys' High School.

"The programme was designed and developed to assist and help Pasifika students promoting wellness, self-

awareness, wellbeing and providing an opportunity for students to build their self-confidence within and around school, identifying what life looks like for them as a young Pacific Ali'i/Tama."

The students are encouraged to promote servant leadership within their peer groups and encourage the growth and development of new Pasifika students from the junior school.

Along with several other funders, Otago Community Trust provided funding of \$10,000 to support Otago Boys' High School extend the programme throughout the 2022 school year.

"Moving into 2022 we wished to extend the Tama Tula'i programme. We were committed to facilitating a 'fono' form class, to connect our current pupils to community mentors and to offer and explore a wider range of opportunities for their future pathways."

"As parents we saw a big gap in what the school was offering, and we wanted to change this for the better. It was important that we created an environment that fostered opportunities for personal growth and supported successful Pasifika learners." *Rosalie Feleti-Ivala*

Our Granting

Community Response Grants

Bridging the Digital Divide

Organisation: **Upper Clutha Libraries**
Grant: **\$6,395**

Upper Clutha Libraries partnered with Digital Inclusion Alliance Aotearoa (DIAA) in 2021 to advance the opportunity for free computer classes across a variety of topics and levels to the Upper Clutha community. The Upper Clutha Libraries are made up of three libraries - Makarora, Hawea, and Wanaka. With no computer classes available in the local areas an acute need was identified to bridge the digital divide within the community.

"Digital literacy is becoming essential not only in day to day living, but also in one's ability to stay connected with friends and family all of which have a real impact on a person's well-being."
Paula Mitchell, Community Engagement Librarian

"We had strong demand for the digital drop-ins being held at Hawea and Wanaka libraries. These drops-ins were where members of the community could bring their digital device and get help and ask questions. Libraries partnered up with Mount Aspiring College and under Librarian supervision has a team of 12 tech savvy volunteer students ready to pass on their digital knowledge to the community. It was from these digital drop-ins we

discovered the need for more formalised digital classes."

Partnering with DIAA allowed libraries access to their Stepping Up Programme. The programme has 38 modules of two hours from topics such as but not limited to online safety, creating an email account, introduction modules to the Microsoft Office suite, computer basics and learning Facebook. Libraries had the space, the Librarian tutor, the course content and just needed Chromebooks for the community members to use.

The \$6,395 grant from Otago Community Trust was instrumental in getting these classes underway by allowing the Upper Clutha Libraries to purchase twelve digital devices to support this community in their digital learning.

Most of their participants don't have a laptop to bring to the course and many don't have a computer at all. The free to use devices has allowed equal access to the digital classes no matter if the community member has a device or not.

Slice of Firefighting History

Organisation: **Balclutha Antique Firefighting Equipment Society Inc**
Grant: **\$15,000**

The Balclutha Antique Fire Fighting Equipment Society Incorporated was established by current and former members of the Balclutha Fire Brigade to preserve the firefighting heritage of the Balclutha and South Otago area.

The Society has a rich and unique collection of equipment and memorabilia all of which have been in operation within the Balclutha Brigade over the years.

Society chairman, Daniel Roxburgh explains that the new display building project was born out of a strong desire by members to make the rare collection more accessible to the local community and out of town visitors.

"The collection had for a long period of time been housed at the old Balclutha hospital preventing public access and also making it difficult for society and brigade members to access them for community events."

The project to build a dedicated display building has been a dream for a lot of the brigade members

for several years. The appliances are kept in working order and used for community events such as Christmas parades, so having them alongside the Balclutha Fire Station in Charlotte Street is the perfect outcome.

The collection includes eight vintage appliances, a land rover and two jeeps, along with a vast array of items including uniforms and equipment used in years gone by. The oldest being a 1906 hose handcart.

The new 180sqm display facility was supported by the Otago Community Trust through a \$15,000 grant and now adds another feature to Clutha's list of attractions. The society is looking forward to the day when visitors to the district's information centre and new Community Hub will be directed to their collection.

"Members are already discussing plans for scheduled monthly open days and potentially a curator on site to guide interested parties at select times." *Daniel Roxburgh*

Our Granting

Community Response Grants

Project Aware and Care

Organisation: **Waitaki
Whitestone Geopark Trust**
Grant: **\$20,000**

The Waitaki District was formed under an ancient sea and built on the remains of prehistoric creatures from a now vanished world. The natural landscape of the district is shaped by the sea, volcanoes and glaciers, and is bordered by the Waitaki River, an early super-highway for New Zealand's first people who left traces of their lives along its banks.

The Waitaki Whitestone Geopark Trust celebrates connections between the geological, natural, and cultural heritage of the Waitaki District by providing a unifying platform for stories relating to significant sites. The Trust was established in 2018 to tell the stories of the land and its people - from the formation of the continent of Zealandia, to the present day and looking to the future.

The Waitaki Whitestone Geopark journey began over 20 years ago with the work started by Prof. Ewan Fordyce, his colleagues, and Vanished World Centre volunteers in Duntroon North Otago. The Waitaki Whitestone Geopark is currently awaiting a decision

regarding its application to become a UNESCO Global Geopark.

Otago Community Trust provided a \$20,000 grant to fund Project Aware and Care - an interpretation and signage development project to protect and promote 20 of the Geopark sites.

Lisa Heinz, Manager of Waitaki Whitestone Geopark Trust, said Project Aware and Care is identified as a high priority project for the protection and enhancement of environmental and cultural sites.

"This project promotes 20 key Geopark sites as well as ensuring the environment they are in is preserved."

"The Geopark team has worked with various agencies, who have supported the project with illustrations, content and editing to ensure the integrity of its information. Cultural content and histories have been provided by Te Rūnanga o Moeraki, a key partner of the Waitaki Whitestone Geopark."

"The project will allow locals and visitors to identify and learn the significant geological, natural, and cultural history throughout Waitaki and understand how the landscape shaped the rich Māori and Pākehā histories of the district. It will also help tremendously in protecting the integrity of the sites by creating awareness around the unique geological and cultural heritage." *Lisa Heinz*

Three of the revitalised signs include a short audio experience. The audio experience is a new feature. Visitors can use their own phone to scan a QR code before being immersed in a 90-second uninterrupted history.

"Ōamaru's Lookout Point is one site where new interpretation signage has now been unveiled and we would encourage the community of Otago to visit and learn more about its history."

Notes to the summary consolidated financial statements

For the year ended 31 March 2022

These are the summary consolidated financial statements of Otago Community Trust (the "Trust") for the year ended 31 March 2022.

The specific disclosures included in these summary consolidated financial statements have been extracted from the full annual consolidated financial statements dated 26 July 2022. The full annual consolidated financial statements were approved for issue by the Trustees on 26 July 2022 and have been prepared in accordance with Tier 2 Public Benefit Entity (PBE) Financial Reporting Standards as issued by the New Zealand External Reporting Board (XRB). They comply with New Zealand Equivalents to International Public Sector Accounting Standards Reduced Disclosure

Regime (NZ IPSAS with RDR) and other applicable Financial Reporting Standards as appropriate to Public Benefit Entities.

An unqualified audit opinion has been received on the full consolidated financial statements for the year ended 31 March 2022. A copy of the full Trust consolidated financial statements for the year ended 31 March 2022 may be obtained by contacting the Trust on (03) 479 0994, or by visiting www.oct.org.nz.

This summary financial report cannot be expected to provide as complete an understanding as provided by the full consolidated financial statements of the Trust.

This summary financial report has been examined by our auditor for consistency with the full consolidated financial statements. An unqualified audit opinion has been received. These summary consolidated financial statements were approved for issue by the Trustees on 26 July 2022.

Basis of preparation

Otago Community Trust is a public benefit entity and was incorporated as a Charitable Trust in accordance with the provisions of the Community Trusts Act 1999.

These are the summary consolidated financial statements of Otago Community Trust and its wholly owned subsidiary Fillmor House Limited and they comply with PBE FRS 43: Summary Financial Statements. The presentation currency is New Zealand dollars, rounded to the nearest thousand dollars.

The full consolidated financial statements upon which these Summary Financial Statements are based, have been prepared to comply with the Accounting Standards Framework for Public Benefit Entities and the Financial Reporting Act 2013.

Financials

Notes to the summary consolidated financial statements continued...

Specific accounting policies

All specific accounting policies have been applied on the same bases as those used in the full consolidated financial statements of the Trust.

Changes in accounting policies

The accounting policies have been applied consistently to all periods presented in these summary financial statements.

Income Tax

The Trust's 100% owned subsidiary Fillmor House Limited obtained charitable status on 31 March 2017, income derived from this date forward is exempt from income tax.

Deloitte.

Independent Auditor's Report on the Summary Consolidated Financial Statements

To the Trustees of Otago Community Trust

Opinion

The summary consolidated financial statements of Otago Community Trust (the 'entity') and its subsidiaries (the 'Group'), which comprise the summary consolidated statement of financial position as at 31

March 2022, and the summary consolidated statement of comprehensive revenue and expense, summary consolidated statement of changes in trust funds and summary consolidated statement of cash flows for the year then ended, and related notes, are derived from the audited consolidated financial statements of the Group for the year ended 31 March 2022.

In our opinion, the accompanying summary consolidated financial statements, on pages 24 to 26, are consistent, in all material respects, with the audited consolidated financial statements, in accordance with PBE FRS 43: *Summary Financial Statements* issued by the New Zealand Accounting Standards Board.

Summary consolidated financial statements

The summary consolidated financial statements do not contain all the disclosures required by Public Benefit Entity Standards Reduced Disclosure Regime. Reading the summary consolidated financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited consolidated financial statements and the auditor's report.

The audited consolidated financial statements and our report thereon

We expressed an unmodified audit opinion on the audited consolidated financial statements in our report dated 26 July 2022.

Trustees responsibilities for the summary consolidated financial statements

The Trustees are responsible on behalf of the Group for the preparation of the summary consolidated financial statements in accordance with PBE FRS 43: *Summary Financial Statements*.

Auditor's responsibilities

Our responsibility is to express an opinion on whether the summary consolidated financial statements are consistent, in all material respects, with the audited consolidated financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing (New Zealand) ('ISA (NZ)') 810 (Revised): *Engagements to Report on Summary Financial Statements*.

Other than in our capacity as auditor and the provision of taxation advice, we have no relationship with or interests in the entity or any of its subsidiaries. These services have not impaired our independence as auditor of the entity or Group.

Restriction on use

This report is made solely to the Trustees, as a body, in accordance with Section 15(e) of the Trust Deed. Our audit has been undertaken so that we might state to the Trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Dunedin, New Zealand
26 July 2022

Ōtepoti Youth Space

The Ōtepoti Youth Space initiative was built from young people's desire to have a safe, accessible space for youth, especially rangatahi at risk, in the central city of Ōtepoti | Dunedin. The Ōtepoti Youth Space was launched at the start of Youth Week 7th - 15th of May 2022 and ran for two weeks during school term time. Otago Community Trust was one of the core funders of this pop-up youth space approving a grant of \$15,000 to ensure a programme of activities and events allowed Ōtepoti youth to connect and express themselves in a supportive youth-led environment.

Photo Courtesy of Blake Armstrong Photography

Mosgiel Kindergarten

Otago Community Trust was pleased to approve a \$2,030 grant to Mosgiel Kindergarten in February 2022 to help with the purchase of 40 Mum2Mum wet weather jackets and over pants

This allows all tamariki equitable opportunities to access the outdoor learning space, whatever the weather, and not feel hindered because they don't have the appropriate clothing.
